PARKING INFORMATION

Dear Guests
Hotel delle Muse does NOT have its own car park.

To park your car You can choose between one of the following options:

You can park Your car in the adjacent streets, on the blue or white stripes.

DO NOT LEAVE VALUABLES INSIDE THE CAR

BLUE STRIPES (ON STREET TOLL PARKING)

On blue stripes you pay from 08.00am to 7.00pm. 1.00 Euro per hour or 4.00 Euro for 8 hours parking. You can insert in the parking meter even more than 4,00 euros to cover all the time you need. The parking meter has a clock with date and time. Once you enter the coins, please verify that the time and expiration date are fine, then push the green button and place the receipt visible inside the car in front of the driver's seat. In some streets the blue stripes are not well visible but if there is the sign with the indication and the parking prices , the stripes are automatically considered valid blue stripes. From 7.00pm on Saturday evening until Monday morning at 08.00am , parking on the street is free of charge. You do not even pay on Italian national holidays.

WHITE STRIPES (ON STREET FREE PARKING)

Some car street parks in the area have white stripes. In these places you can park Your car free of charge for maximum 3 hours but you have to put the parking disc indicating the starting time of the stop. If you do not want to pay anything you can drive 5 minutes from the hotel till "Via delle Moschea" parking lot and walk back to the Hotel through "Via Pezzana" - about 10 minutes walk (ask the reception for the shortcut to save some time).
